**HONOR TO WHOM HONOR IS DUE.**  
It may truly be said, that no one has ever been so successful in compounding a medicine, which has done so much to relieve the human family, to rob disease of its terrors, and restore the invalid to health and comfort, as the Inventor and Proprietor of that most deservedly popular family medicine, Dr. Swayne's Compound Syrup of Wild Cherry, and none has been so generally patronized by the Profession and others, both in this country and in Europe, nor has there ever been so great an effort in the short space of six or seven years, to deceive the credulous and unthinking, by putting up Nostriums of various kinds, by various individuals, affixing the name of Wild Cherry, and as much of the name of the original preparation as will screen them from the lash of the law, and one of the impostors who puts out the common paragon of the ships and calls it the Balsam of Wild Cherry, has had the impudence to caution the public against the original preparation, Dr. Swayne's Compound Syrup of Wild Cherry, which is doing so much good in the world.

Beware of such impostors  
And purchase none but the original and only genuine article as prepared by Dr. Swayne, which is the only one compounded by a regular Physician, and arose from many years' close attention to the practice of the profession, and which led to this great discovery. Thousands and tens of thousands of the best testimonials of the unparalleled success of Dr. Swayne's Compound Syrup of Wild Cherry for the cure of consumption, coughs, colds, splitting blood, liver complaint, tickling or rising in the throat, nervous debility, weakness of voice, palpitation or disease of the heart, pain in the side or breast, broken constitution from various causes, the abuse of calomel, &c., bronchitis, asthma, whooping cough, &c., were declared to the world years before any other preparation of Wild Cherry came out. The most skeptical may satisfy themselves as to the truth of the above, by a little enquiry in Philadelphia. The genuine article is prepared only by Dr. Swayne, whose office has been removed to N. W. corner of 8th and Race streets, Philad'a. The Balsam and other spurious articles of Wild Cherry has been sold out, and the proprietors are obliged to resort to falsehood and stratagem to make their own out of it. The genuine article is put up in plain style in square bottles covered with a blue wrapper, with a yellow label with the proprietor's signature attached. To get the genuine in Wilmington, you must go to the only appointed agent.

WM. SHAW.  
The public are requested to remember that it is Dr. Swayne's Compound Syrup of Wild Cherry, that has and is repeatedly performing such marvellous cures of diseases which have baffled the skill of the profession and set at defiance the whole catalogue of Patent Medicines, which are daily puffing through the organs of the press. Therefore ask for Dr. Swayne's Compound Syrup of Wild Cherry, and purchase no other.

**Save your Corn Cobs and Shucks.**  
TO THE PLANTERS AND MILLERS OF NORTH CAROLINA.

THE undersigned has obtained Letters Patent, to enable common Mill stones (or rocks) now in use, to grind **CORN COB AND SHUCK**, into meal for Horses, Mules, Cattle, Hogs, &c., thereby saving more than one third of a crop, which is an important item with planters. The machinery used for the above purpose is simple and durable, and cannot, with fair means, get out of order. It will last as long as the Stones last, with an expense of 50 cents every five years. To enable the common Mill Stone, to grind ear corn into meal, requires no new buildings or extra power. It can also be applied to Horse Mills, Thrashing Machines, Gins, or any given power known. The same Mill will grind one-third more of Corn Meal by the introduction of this Machinery, and can be changed from grinding Corn and Cob, to grinding Corn Meal in the space of thirty seconds. Corn alone, when fed to stock, is said to be by the most practical and scientific Planters, constituting in its effects, producing founders, cholics and various other maladies which are incident to stock. Grinding cobs with the Corn, makes a food congenial with their nature, and cannot produce any of the serious results above mentioned. Stock, when fed on Corn exclusively, are deprived of the benefits of distension (so necessary to the proper health of animals), by their being unable to eat a sufficient bulk to produce distension before the animal becomes gorged. Cobs ground with the corn, produce the necessary distension, without any danger of diseases arising from overeating. Corn and cob meal is improved by scalding, and still more by boiling, and yet more by a partial fermentation. All the preparations facilitate digestion for Hogs. But Horses and Mules will not eat fermented food, consequently they will require it dry or partially wet with cold water. Horses, Mules and Oxen, when fed with unground food, void much in an undigested state, which is of course lost for all beneficial purposes. Read the subjoined certificate.

The undersigned can be addressed at Raleigh, and all calls will be attended to punctually and with despatch by himself or Agent.  
W. F. COLLINS.  
March 14, 1845. 28-1y.

**CERTIFICATE.**  
Having been solicited by Maj. Collins to have my Mill adjusted to grind Corn in the Ear and Shuck, I consented that he should do so as an experiment; and I am able to say that it grinds Corn in the Shuck at the rate of 30 bushels per hour, and the dressing of the stones is so improved, that it grinds shelled Corn more than twice as fast as before, and by my watch, at the rate of 15 bushels per hour, and the meal finer than usual. I deem it a valuable improvement, and shall purchase the right to use it, as it will afford me as speedy way of feeding my horses and cattle, and save much thereby.
